WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for horses and is not intended for other species.

CAUTION: Follow label directions. Feeding this feed containing added selenium at levels higher than recommended is not permitted.

FEEDING DIRECTIONS:

Hubbard Horse Mineral can be offered free-choice to horses on range or in confinement. Normal intake should be approximately 1.0 ounce, or 2.0 ounces for brood mares. Always provide a source of clean, fresh water.

CAUTION: If animals are starved for salt or other minerals it is advisable to limit quantity until appetite is normal. Follow label directions.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.
