**WARNING:** This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

*This product has been formulated specifically for horses and is not intended for other species.*

**Caution:** Follow label directions. Feeding this feed containing added selenium at levels higher than recommended is not permitted.

### FEEDING DIRECTIONS:

Feed Cool Command Controlled Starch Pellet to horses that require a low source of carbohydrates. Follow the chart below for suggested feeding rates. A constant supply of clean, fresh water is necessary for optimum results.

Animal Class	Cool Command Controlled Starch	Forage
	(lbs./100 lbs. body weight)	
Yearling/Lactating Mare	0.75	1.25
Performance Horse	1.0	1.25
Maintenance/Pleasure	0.75	1.25
*Please note: These amounts are suggestions and may be adjusted according to forage quality, body condition and environment. Chart based on average grass hay/grass quality.		

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.
