**WARNING:** This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper.

This product has been formulated specifically for horses and is not intended for other species.

**Caution:** Follow label directions. The addition to feed of higher levels of this premix containing added selenium is not permitted.

#### FEEDING DIRECTIONS:

Feed Summit Senior Pellet to horses that cannot eat hays/pastures due to poor teeth, age, or other health related problems.

Summit Senior Pellet is also an ideal ration for horses affected with a dust sensitive condition, such as heaves.

**Feeding with forage:** Offer the average adult horse 7-10 pounds of Summit Senior Pellet along with the equivalent amount of forage.

**Feeding as a sole ration:** Feed the average adult horse 17-20 pounds of Summit Senior Pellet per head per day (1.7 to 2% body weight). Offer hay to help relieve boredom. Adjust amounts depending upon body condition.

A constant supply of clean, fresh water is necessary for optimum results.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.
